CEESA HOSIC THEME : 'ENTERTAINMENT'

Prague, Czech Republic – November 15th - 18th 2012

The International School of Prague is proud to be hosting the CEESA HOSIC (Hands-On Student Involvement Conference), on November 15th - 18th, here in Prague, Czech Republic.

Theme:

In keeping with the principles of HOSIC, we empowered students in the process of brainstorming and discussing about a series of topics that would be appropriate for this year's conference. Our HOSIC student leadership chose the theme of 'Entertainment' as a multifaceted and complex topic that may open different lines of research and exploration. Our students feel that this 'open ended' theme will allow for a wide variety of interesting and 'entertaining' presentations, making for a fulfilling event.

We are eagerly looking forward to hearing about the seminars your HOSIC teams will offer.

ISP is currently negotiating for a keynote/motivational speaker to start off the conference. We will pass on more information closer to the date.
