## ANNOUNCE

# Workshops on Inclusive Classrooms

### Brain Research: Its Implications for Teaching and Learning

**Date:** June 19 – 23

**Location:** Miami, Florida

**Presenter:** Pat Wolfe

**Audience:** Kindergarten - 12<sup>th</sup> grade educators

Brain research helps provide a more solid foundation on which to base educational decisions. This interactive workshop will provide a clear explanation of the most educationally significant research developments and demonstrate how this research can be translated into everyday practices.

### Personalizing Learning in the Global Classroom

**Date:** June 26 – 30

**Location:** Alexandria, Virginia

**Presenters:** Bill and Ochan Powell

**Audience:** Kindergarten - 12<sup>th</sup> grade educators

This interactive and workshop will give participants a framework to develop skills and approaches for personalizing instruction in inclusive classrooms. Educators will observe and participate in the process of differentiated teaching as it is orchestrated, modeled and explicated.

Costs range from \$875 to \$1,250 and include hotel accommodations, breakfast and lunch for 4 nights. Sightseeing activities in the respective cities are also included.

Scholarships are available for U.S. Department of State assisted schools through their Regional Education Officer.
